SUPERINTENDENT OF PENITENTIARY TELLS OF ITS HANDICAPS

John W. Minto Says Greatest
Obstacle Is Lack of
Employment

Speaking before the Progressive Business Men's club a few days ago in Portland, John W. Minto, superintendent of the state penitentiary, noted the fact that at present the inmates number 560, an increase of 100 over one year ago.

"The most serious problem with which we have to contend is the question of employment," said Mr. Minto. "Our state laws are such that we cannot manufacture anything of any description for sale that comes in competition with free labor. We manufacture brick and tile but sell only to state institutions which is really only a small market. We are trying to develop the flax industry in connection with our institutions, but we will employ only a limited number of men. We are now using about 50 or 60 in this industry."

"We do a good deal of farming and cultivate about 350 acres. This year we will raise as much as possible of grain, vegetables and fruit that can be used either for food for men or for stock. We have about 300 head of hogs which we will use ourselves. We milk about 30 head of cows and get from 80 to 85 gallons of milk and make our own butter. We have about 700 hens and get close to 200 eggs a day."

As to the men on the inside, our hardest problem is to find employment for them, which is almost impossible under the existing circumstances. We have men from all ranks of life, which includes a percentage of those that have no occupation other than that of being a criminal. These men are second and third timers and will never be anything but criminals."

"We have fitted up a school room for the purpose of making an honest effort to determine whether the prisoners wish to improve themselves."

"We enforce strict discipline among the men but do not resort to any of the old time methods. We appeal to them to help better their condition and thereby shorten their sentences."

Miss Mary Fischer, who is attending the University of Oregon, spent the week end with her parents, Rev. and Mrs. R. F. Fischer.

The Ladies' Industrial society of the First Baptist church were delightfully entertained Wednesday afternoon by Mrs. Theodore Roth and Mrs. S. R. Vair at the home of the former, 925 D street.

After a business session a social chat and refreshments were enjoyed by about twenty-five members of the society.

Mrs. B. B. Houston went to Woodburn today where she will be the guest of friends and attend a five hundred party for which Mrs. E. G. Emmett will be hostess tonight.

Saturday afternoon the Ab-Mu-Hi-Low Camp Fire girls held an election of officers at Mrs. J. B. Shank's. Those elected were: Esther Davis, president; Grace Welborn, treasurer; Mikred Case, reporter. Following the election refreshments were served. The members present including: Mrs. A. O. Davidson, guardian, and the Misses Ruth Pettit, Mildred Case, Marietta Thompson, Emily Phillips, Esther Davies, Grace Welborn, Dorothy Davidson and Aretia Bartlett. The preceding Saturday the girls indulged in their first "hike" of the season, going to the state industrial school, where they were shown through the building. Later a delicious spread was enjoyed under the trees.

Mrs. E. M. Law, who has been visiting her daughter, Mrs. E. Gulvin in Jefferson, returned Saturday. She was accompanied by Mrs. Gulvin and small son, Robert Law Gulvin.

Wednesday evening the West Central Circle of the Methodist church will entertain their husbands and families with a dinner at the church.

Mrs. W. A. Irvin left Saturday for Eugene where she will be the guest of relatives.

Mrs. Harvey Wells spent the week end in Portland.

Government Jobs Long
But the Pay Is Short

Civil service examinations will be held in Seattle during the months of March and April for positions with the government paying from \$720 to \$3,000 a year. The one advantage of holding a civil service position is from the fact that the job is a sure one provided the work is done fairly well. It takes considerable of a complaint to pry a man from a civil service position.

From the government's payroll, it may be seen just about how high of officials regard a man's services worth. For instance, a carpenter qualified to lead a band may secure a position in the federal service paying \$25 a month. A man with a fair working knowledge of mechanics is worth more as the government's payroll for a second class steam engineer starts at \$83 a month and promotions in sight until \$120 a month is reached.

School teachers in the Philippine service are good for \$1,200 a year although the fact is, native teachers are gradually taking the place of those from the states.

May colorists are not rated very high from an official standpoint as the service offers but \$60 a month as a starter. Better be a skilled laborer qualified to act as elevator mechanic, as this job is listed as worth \$75 a month. An agricultural biologist will pull down a salary of \$125 a month. From the standpoint of the government, the specialist gets the big salary.

Quickest, Surest Cough Remedy is Home- Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year to the next with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it.

Get 2½ ounces Pinex (100 cents worth) from any drug store and mix with 1 pint of water and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the cough thin out and then disappear altogether. This cough is a sign that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are cured by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions will be given.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, colds and throat troubles.

Miss Inez Bicknell and niece, Leta Comstock, of Sutherlin, Ore., came the last of the week for a visit at the George Burch home.

Rev. Roseland was called to Whalen, Minn., Sunday by the sudden death of his father.

Mrs. Minnie Miller has rented the boarding and rooming house of Mrs. Sacco near the depot, and will take possession on Sunday. Mrs. Sacco will spend some time with her brother in Cheakamus county, before engaging in business anywhere again.

Mr. and Mrs. Gary Haynes, east of this city, entertained their friends, Mr. and Mrs. C. W. Thompson, for the week-end.

Mrs. Nerison and Mrs. Landru were Salem shoppers on Saturday of last week.

Henry Palmatier was an over Sunday visitor of friends at Estacada.

Mr. and Mrs. O. T. Huntley and family left for their home in Minnesota, after a pleasant five weeks visit at the Andrew Peterson home. Mrs. Huntley is a sister of Mr. Peterson.

The O. J. Seim family are enjoying a visit from Mrs. Seim's brother, G. B. Styve, of Albert Lea, Minn. Mr. Styve may settle in this vicinity if he can find a suitable location.

Miss Josie Gottenberg, of Mt. Angel, is visiting at the home of her sister, Mrs. Alfred Booth.

T. W. Lusk left for La Grande, Ore., on Wednesday, called there as a witness in a law suit.

Mr. and Mrs. Sherman Shonles left for their home at Hubbard the first of the week. Mr. Shonles came to attend the teachers' institute, and Mrs. Shonles spent a few days with her mother in the Silvertown Hills.

Miss Mattie Erickson is home from Portland for an extended visit with her parents, Mr. and Mrs. E. N. Erickson.

E. N. Davis, of Hood River, and L. R. Hurt, of Oklahoma, have been guests at the home of the former's father, P. P. Davis, west of town.

The T. E. Preston home was the scene of a merry gathering last Friday night. When a goodly number of friends gathered to help celebrate Mr. Preston's birthday. The evening was pleasantly passed in playing games and music. Mrs. Preston served a delicious supper and a fine time is reported by all present.

A wedding anniversary at the Frank Spring home last Saturday night was enjoyed by all the neighbors along First street near where they have lately moved. The party was in the form of a surprise and as a welcome to them in the neighborhood. A shower of tin refreshments, brought by the guests, Ganes were played and at a late hour the last wishes for many more happy anniversaries were said.

J. W. Yoder, of Marquam, motored to our little city last Saturday.

The Silvertown Lumber company mill has shut down for three weeks to do the annual repairing and cleaning; quite a number of men have left to work in other mills or camps, but there will be employment for a good many around the mill, assisting with the repair work, in the meantime.

Dr. E. E. Chase, of this city, who has formerly been meat inspector for the city of Portland, has lately been appointed chief meat inspector and has already taken charge of that work.

Much interest is being manifested these days as to whether or not we are to have the much talked of mill that is to be built by the Silver Falls Timber company. W. C. Woodard, general manager of the company, was in the city Monday, but made no definite statement as to the location of the new mill. The engineers and surveyors are at work and after they finish, the question will be settled. As the coming of another mill here would mean so much for all the business men as well as the working men are looking forward to the decision with much interest.

Another "tin wedding," or tenth anniversary, was celebrated at the home of Mr. and Mrs. Ira Stewart Monday night and was one of the most enjoyable events of the week. This was also a surprise on these good people and the affair of happiness and good cheer prevailed throughout the evening. They received many nice presents of linens and a bounteous supper was served by the guests.
